## *Introduction*

---

Scenic Ohio is committed to improving the scenic character of Ohio. Therefore, we are concerned about the proliferation of billboards in Ohio. To make our communities aware of this issue we have begun a study of billboards in Ohio, beginning with Summit, Lucas and Franklin counties. The most current inventory from the Administrator of Advertising Devices at the Ohio Department of Transportation (ODOT) dates back to 1996. At that time Ohio ranked next to Florida who was first in number of billboards on its primary highways. Cell towers are also an issue of concern. As with billboards, if legislation is not in place, they can be built without care. We are hopeful that communities will have legislation in place, which among other requirements, will call for a bond that would guarantee their removal when they are no longer in use. Currently, on property owned by the State of Ohio, the state requires a \$10,000 bond on cell towers. The following information will continue to be updated as we receive it.

On September 12<sup>th</sup> and October 25<sup>th</sup>, 2001, the following email or letter was sent out to municipalities in Summit County, Lucas County, and Franklin County.

Dear City of \_\_\_\_\_,

My name is Ben Stabler and I am a research assistant for Scenic Ohio - a nonprofit dedicated to preserving and enhancing the scenic character of Ohio's communities and countryside. We are in the process of creating a billboard and cell tower database for Franklin County. We are interested in three items in your community: 1) an inventory of the billboards within your community (and other related information about the billboards), 2) your local ordinances concerning billboards, 3) your local ordinances concerning cell towers, and 4) an inventory of cell towers. We would greatly appreciate it if you could send us this information so that we can continue to improve the scenic character of Ohio. If possible, we would like the information in digital format (emailed as a Word, Excel, Access, PDF, or other format attachment) so that we can quickly process the data. If you are unable to send it digitally, you can fax it to: 330 - 867- 5557, or send a copy to: Scenic Ohio P.O. Box 5835 Akron, Ohio 44372. Thank you for your time and consideration. If you have any questions or comments, please do not hesitate to ask.

Regards,

Ben Stabler  
Research Assistant

## Results

---

See attached tables for individual municipality results.

### County Return Rates

*Summit:* 18/32 (**56%**) of the local municipalities contacted responded to the request.

*Lucas:* 14/17 (**82%**) of the local municipalities contacted responded to the request.

*Franklin:* 3/15 (**20%**) of the local municipalities contacted responded to the request.

Note: Only local municipalities in Lucas and Franklin County with email addresses on the web were contacted. All the municipalities in Summit County were contacted either by email or by mail.

### Overall Results

*Summit, Lucas and Franklin County:* 35/64 (**55%**) of the local municipalities contacted responded to the request.

|  |                      |
|--|----------------------|
| Does the local municipality have a billboard ordinance?                | 31/35 ( <b>89%</b> ) |
| Does the local municipality permit the construction of new billboards? | 21/35 ( <b>60%</b> ) |
| Does the local municipality permit billboards?                         | 26/35 ( <b>74%</b> ) |
| Does the local municipality have an inventory of billboards?           | 8/35 ( <b>23%</b> )  |
| Does the local municipality have a cell tower ordinance?               | 32/35 ( <b>91%</b> ) |
| Does the local municipality have an inventory of cell towers?          | 7* (not requested)   |

## ***Detailed Review of Ordinances***

---

The next step was to review local municipal billboard and cell tower ordinances based on specific criteria from Scenic America. The billboard criteria were adapted from *Fighting Billboard Blight (1999)*, while the cell tower criteria drew from *Taming Wireless Telecommunications Towers (2000)*.

See attached tables for individual municipality results.

### **Billboards**

|  |             |
|--|-------------|
| Does the ordinance have a statement of purpose?              | 5/35 (14%)  |
| Does the ordinance contain relevant definitions?             | 8/35 (23%)  |
| Does the ordinance allow the construction of new billboards? | 21/35 (60%) |
| Does the ordinance deal with maintenance?                    | 5/35 (14%)  |
| Does the ordinance deal with enforcement?                    | 9/35 (26%)  |

### **Cell Towers**

|   |   |
|---|---|
| Does the ordinance have a statement of purpose?             | 11/35 (31%)   |
| Does the ordinance call for a visual impact analysis?       | 2/35 (6%)   |
| What is the maximum tower height?                           | 300 feet – 1/35 (3%)<br>200 feet – 9/35 (26%)<br>100 feet – 4/35 (11%)<br>75 feet – 3/35 (9%) |
| Does the ordinance call for collocation?                    | 24/35 (69%)   |
| Does the ordinance call for setbacks?                       | 28/35 (80%)   |
| Does the ordinance call for equipment shelter requirements? | 14/35 (40%)   |
| Does the ordinance ban advertising on cell towers?          | 25/35 (71%)   |
| Does the ordinance deal with the removal of cell towers?    | 24/35 (69%)<br>Bond - 3/35 (9%)   |

## Recommendations

---

This preliminary study of off-premise sign and communication tower ordinances of Summit, Franklin, and Lucas County is just the beginning. With this information, Scenic Ohio can recommend model billboard and communication tower ordinances to municipalities of Ohio that are more thorough and comprehensive in preserving the scenic character of the community. Based upon the detailed review, the following municipalities are ones that Scenic Ohio feels should reevaluate their ordinances, or create ordinances.

### Billboards

All municipalities surveyed that allow for the construction of new billboards are recommended to reevaluate their existing ordinance. A reevaluation of their ordinance is recommended in order to ensure new billboards are constructed in a way to minimize the scenic impact on the community.

City of Akron - reevaluate  
City of Barberton - reevaluate  
City of Cuyahoga Falls - reevaluate  
City of Norton - reevaluate  
Village of Boston Heights - *create*  
Village of Lakemore - reevaluate  
New Franklin Village - *create*  
Franklin Township - reevaluate  
City of Toledo – currently under review  
Washington Township - reevaluate  
Spencer Township - reevaluate  
Jerusalem Township - reevaluate  
Harding Township - reevaluate  
Springfield Township - reevaluate  
Sylvania Township - reevaluate  
Providence Township - reevaluate  
Richfield Township - reevaluate  
Swanton Township - reevaluate  
Monclova Township - reevaluate  
Waterville Township - reevaluate

### Cell Towers

All municipalities meeting less than six of the model cell tower ordinance are recommended to reevaluate their existing ordinance. A reevaluation of their ordinance is recommended in order to ensure cell towers are constructed in a way to minimize the scenic impact on the community.

City of Akron - reevaluate  
City of Cuyahoga Falls - reevaluate  
City of Hudson – *create*  
City of Munroe Falls - *create*  
City of Stow - reevaluate  
Village of Boston Heights - reevaluate  
New Franklin Village - *create*  
Copley Township - reevaluate  
City of Gahanna – reevaluate  
City of Hilliard - reevaluate  
City of Toledo – reevaluate  
City of Maumee - reevaluate  
City of Sylvania – reevaluate  
Washington Township - reevaluate  
Spencer Township - reevaluate  
Harding Township - reevaluate  
Springfield Township - reevaluate  
Swanton Township - reevaluate  
Monclova Township - reevaluate  
Waterville Township - reevaluate
